

FASTWAY

Sea-Air Transportation Service Ltd.

About Us

FASTWAY Sea-Air Transport Service Ltd starting business first of the January, 2016, exclusively and we have to handle this truck of other contest. We believe just fast & forward as per our commitment. Fastway is one of the different companies all over the world as a Freight forwarding, Supply Chain and Logistics markets. We are the committed company. We are a licensed Logistics & Freight Forwarding company, with professional management team have more than 20 years of experienced in International Logistics Business, custom regulations, International freight and Integrated Logistics solution. Our operation offices are located in Dhaka, Chittagong & Mongla, and we have our own warehouses facility in Chittagong & Dhaka.

Much of our success is a result of constant assessment and 24/7 response to our customers need. Our clients range in size from small, to national and high profession companies and we are confident of the future and committed to provide the best value for money and quality service available to them. We also believe that our customers are the most important part of our business and we are working with clients as partners believing that their success means our success. We are providing above mentioned logistics and services through a team of professionally experiences Human Resources in respective area of services to fulfill 100% satisfaction of all our clients. We are provided a complete package of services to all customers as one stop solution to depart from the hassle and put their full concentration to involve in their own area of profession.

We are blending the professional experience HR with most modern technological concept for keep our valued customers' tension free and put their full faith on us. We are taking all kind of hassles to reach the clients required services in time, safely as per commitment.

Sea, air, road, rail and river transportation worldwide, we can assure our valued customers for one stop service under one office. And all necessary arrangement already established with all those related experienced and well known service providers to carry our clients (whom we as partners) required service in time.

FASTWAY providing very much exclusive service ex-working to final destination within 15 days by Sea-Air also have expert and very much professional team for Sea-Air department. Sea-Air Transport is quicker than deep sea freight and cheaper than direct air freight– and more eco-friendly, too. This is how we operate our non-stop hybrid transport from Asia to Europe, Africa, and Americas.

- Energy Logistics
- Customs

Ocean Freight Services

Fast Way is one of the largest global freight forwarders operating within a worldwide network. Customized solutions for your specific ocean freight requirement are at the heart of our services.

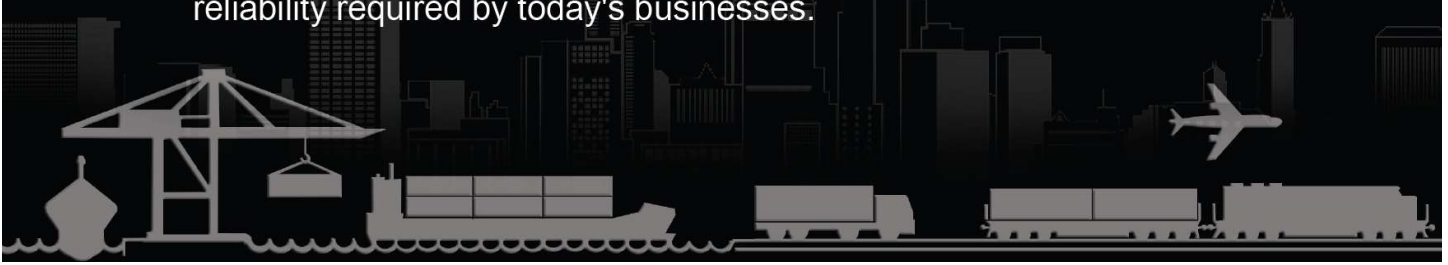

Our extensive and long-term relations with shipping lines mean we can provide you with access to a global carrier portfolio, covering major ports, with the best transit times, fully flexible scheduling and space protection agreements to meet your individual shipping needs. Fast Way can offer a flexible range of Ocean Freight services for both Less-Than-Container Load (LCL) and Full-Container Load (FCL) shipments. These are backed by comprehensive Ocean Freight Management Services as well as Break-bulk, Project Forwarding, Partial and Full Charter Services.

Regardless of the size of your business, our dedicated implementation teams will ensure a smooth and quick introduction to our systems while with Fast Way trek you will always be up-to-date on the current status of your shipments.

Air Freight Services

Capitalizing on our extensive international service network, we offer a wide range of consolidated air freight forwarding services - including pick-up, customs clearance, delivery and distribution operations - to a vast range of world destinations. Additionally, we offer air charter services if emergency situations, unusual consignment shapes and sizes, or the need for unscheduled services arise. Our dependable worldwide scheduled consolidations and door-to-door transportation services ensure shortened lead times, providing the security and reliability required by today's businesses.

Sea-Air (Combined)Transport

Sea-Air Transport means the combination of sea- and airfreight. This hybrid mode of transport allows you to send urgent goods, for example, from Asia via a transit point to Europe within 2 weeks, instead of having to send it by pure airfreight to be on time. As a result you save money and up to 45% of CO2 emissions. In other words, Sea-Air Transport is the perfect alternative to costly airfreight when you don't have the time to ship it via deep sea.

Door to Door Delivery Service

We are offering a worry free "door to door" or "door to pier" premium quality service nationwide. Just call us with the requirements or set up an appointment with one of our Business Development Officer, we will arrange, pick it up and deliver it for you. Total Worry Free! Our mission is to deliver your cargoes on time, damage-free and fast!
